

## Well Water Test Offered for Gas Well Drilling

---

The Health Department is offering well water testing for residents concerned about gas drilling

<b>Recommended Water Quality Sampling Parameters</b>		
<b>Tier 1 Parameters</b>	<b>Tier 2 Parameters</b>	<b>Tier 3 Parameters</b>
Barium	Tier 1 sample parameters +	Tier 1 and 2 sample parameters +
Chloride	Calcium	BTEX (benzene, toluene, xylene, ethylbenzene)
Magnesium	Hardness	
Potassium	Total Alkalinity	
Sodium	Ph	
Strontium	Iron	
Total dissolved solids	Manganese	
Specific Conductivity	Total suspended solids	
Methane (dissolved)	Bromide	
<b>\$ 180.00</b>	<b>\$ 255.00</b>	<b>\$ 360.00</b>

For more information on water testing see our web site at <http://www.zmchd.org/mchealthprivw.html> or contact the Environmental Unit of the Health Department at 454-9741 extension 226.
