WASH HANDS OFTEN!

It’s the best way to stop the spread of disease!

Wash your hands for 20 seconds with hot soapy water!

Before:
- Your shift begins
- Handling Food
- Putting on clean gloves

After:
- Using the toilet
- Handling raw foods
- Taking a break/smoking
- Coughing, sneezing, eating, drinking
- Cleaning/taking out trash
- As often as necessary to remove soil and contamination
