

PRIVATE WATER SYSTEMS

Steps to Obtaining a Permit & Final Approval

Steps to Obtain a **Permit** for your Private Water System

Submit two forms:

- Application &
- Site Plan

Sign and date application prior to submission.

Fees must be submitted along with application.

Allow 15 business days for the application and site plan to be reviewed before contacting us.

All permitted work must be performed by a registered contractor.

Steps to Obtain **Final Approval** of your Private Water System

Notify your contractor that a permit has been purchased and to begin development.

Within 30 days of completion, submit completion form with disinfection info (if necessary) and a copy of the well log.

Call for a water sample and system inspection.

Department will either approve or disapprove based on findings.

If you do not receive an update after 15 business days, contact the health department.
